

Conflict in Syria

Since 2011, over 8,000,000 people have been displaced from their homes or forced to leave Syria due to the dangerous conditions in the country.

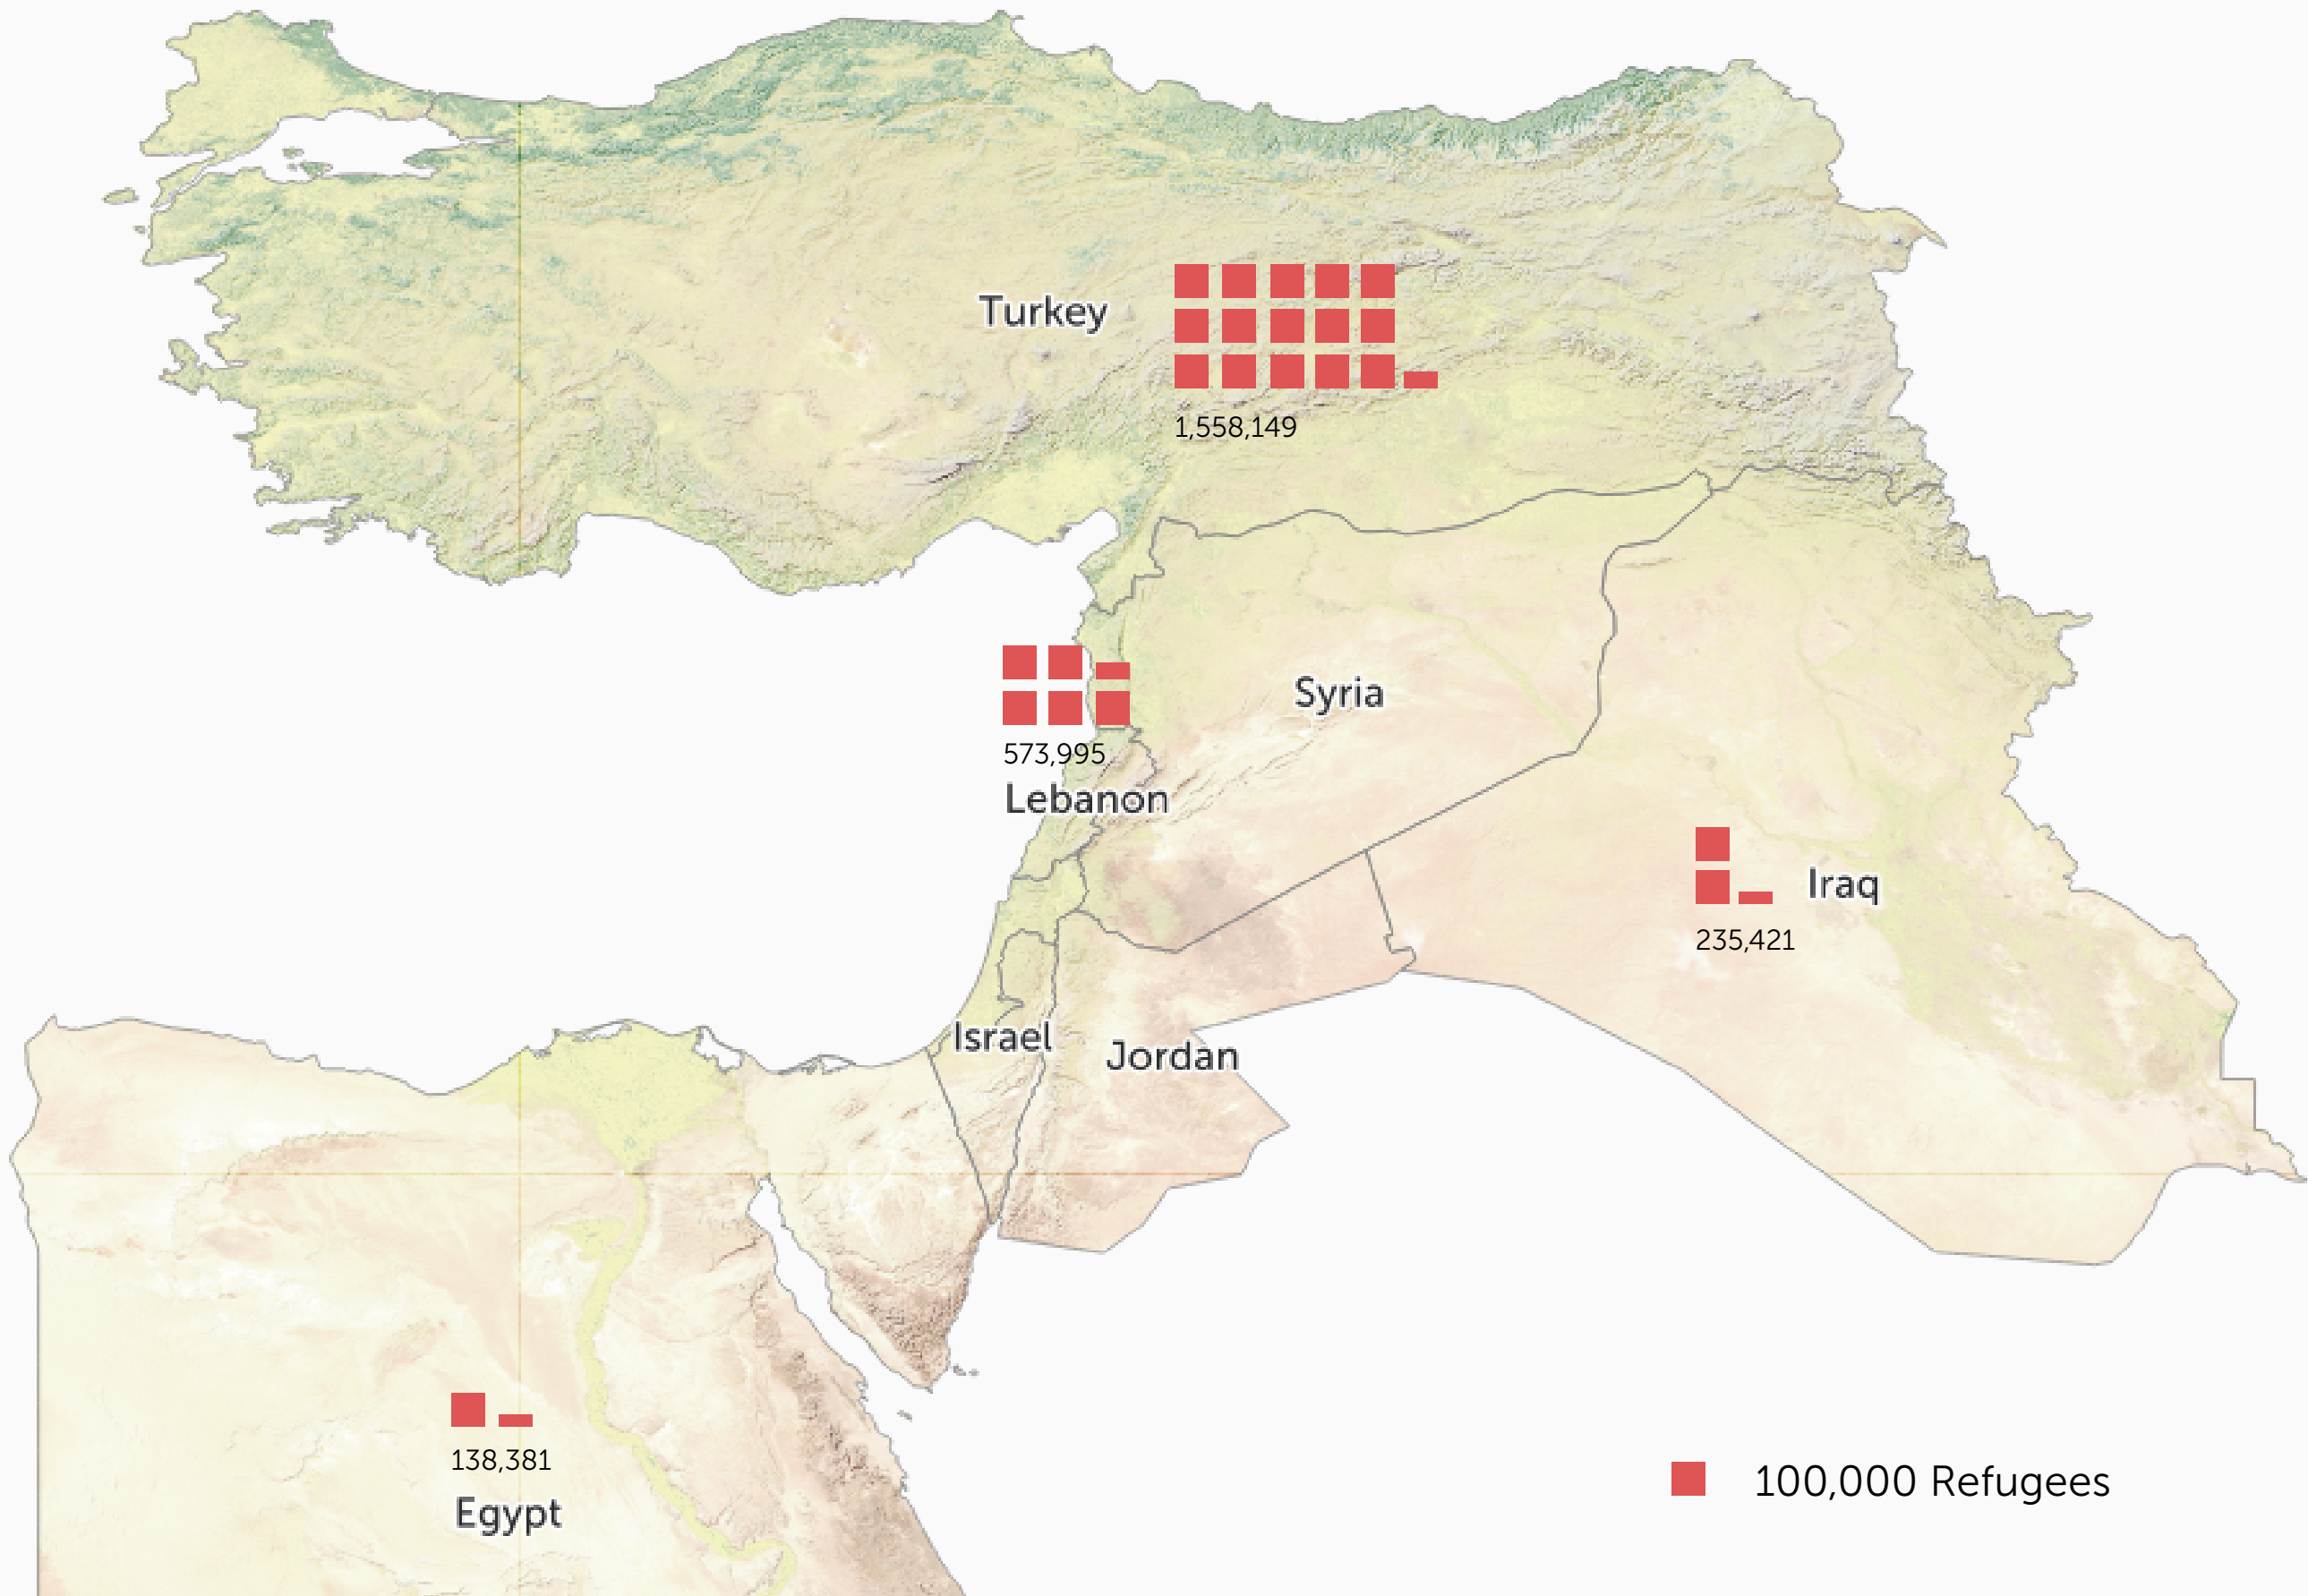

Conflict in Syria

Over 5,000,000 people have fled Syria to neighboring countries, while close to 7,000,000 people have been displaced within Syria itself.

Conflict in Syria

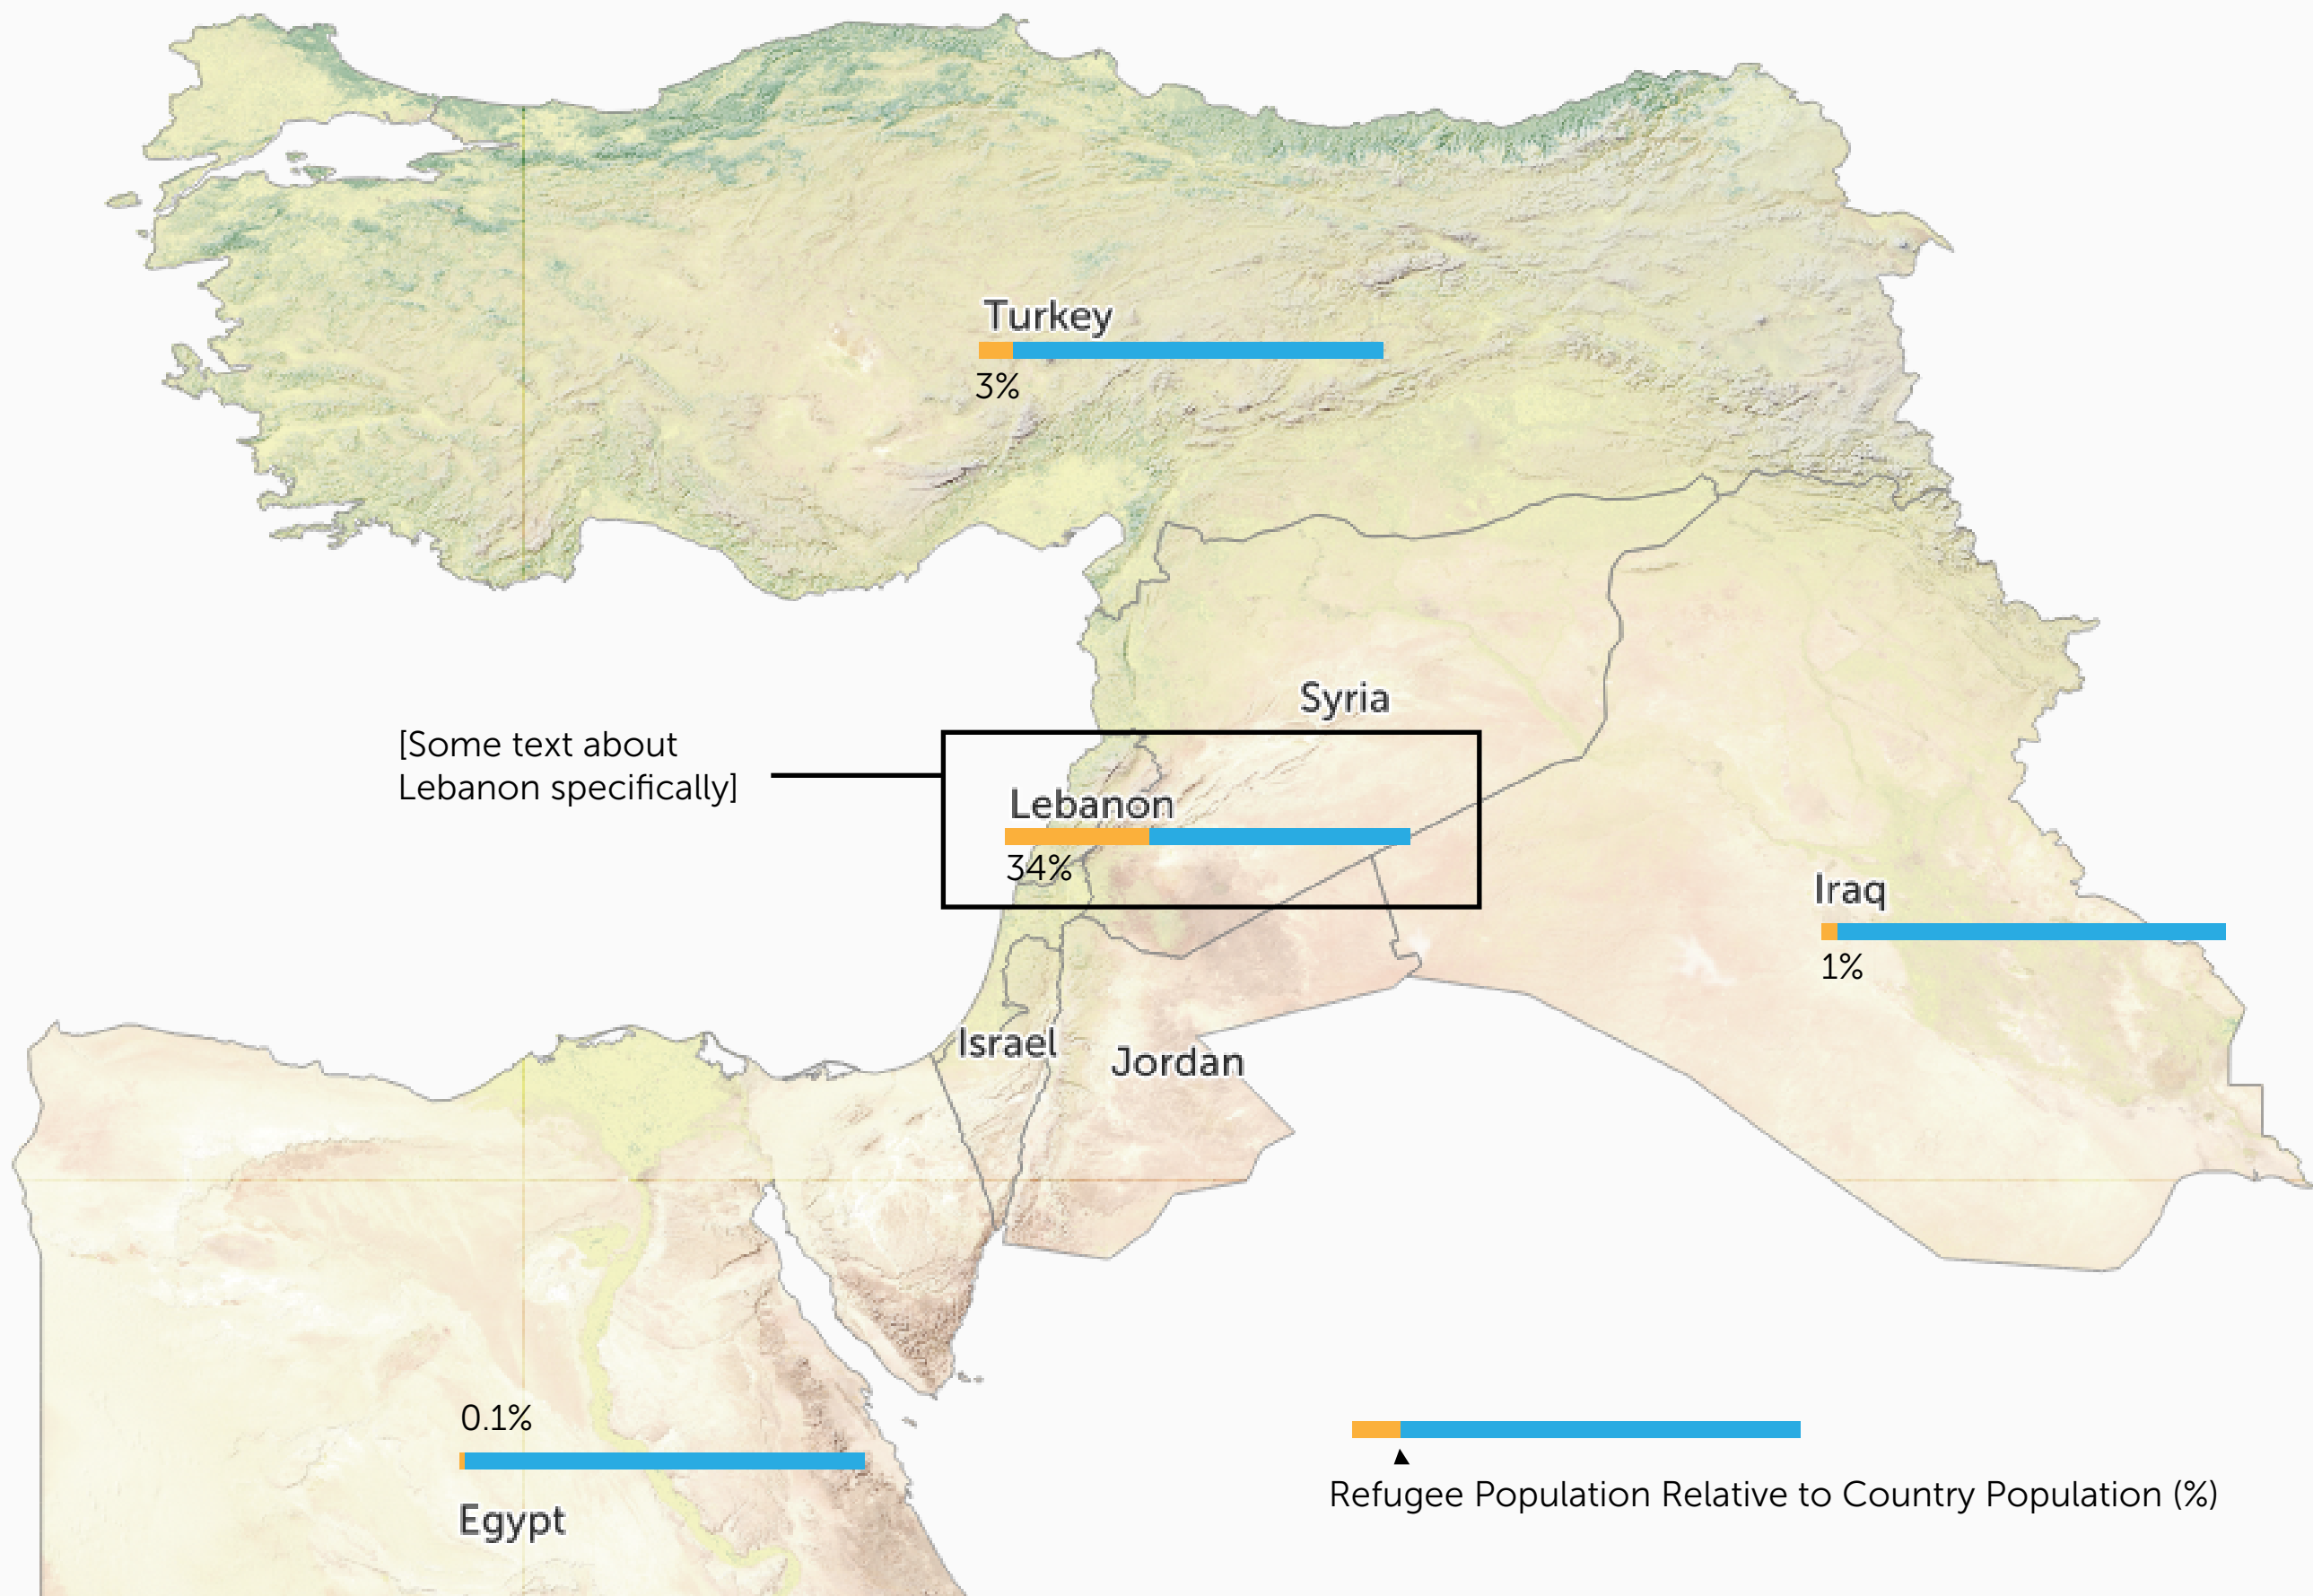

91% of all refugees have been taken in by Syria's neighbors: Turkey, Lebanon, Iraq and Egypt.

Conflict in Syria

The countries responsible for taking the majority of the Syrian refugees have been feeling the impact on their ...

[Something about the burden on Lebanon]

Conflict in Syria

The rest of the world has taken in just **9%** of the refugee population.

[Something about the challenge Refugees experience trying to obtain asylum status]
